

# Report for the CAA National Chapter of North America

**Reporting Period\*:** June 2021-September 2022

**Submitted by\*:** Heather Richards-Rissetto

**Date Submitted\*:** October 14, 2022

---

## **Update on the National Chapter Activities:\*** *(Please insert additional pages, if needed)*

- We organized and held a CAA-NA Virtual Fall 2021 meeting for all CAA-NA members
- We held monthly CAA-NA virtual committee meetings with the four committee members.
- Emma Slayton held an in-person CAA-NA “coffee talk” at CAA2022 in Oxford, UK.
- We found one student representative for CAA-NA and are still seeking a second student representative.
- We have continued to post CAA International and other digital archaeology events, employment opportunities, etc. on the CAA-NA Facebook page and Twitter account.
- We posted a call for new CAA-NA committee members as the current members have all served three years (and the Chair, Richards-Rissetto has served for six years—three as Chair (2019-2022) and three as Secretary (2016-2019)). We did receive any self-nominations. Emma Slayton will re-run for Secretary and Ben Davies will run for Chair. We are currently seeking two additional people to run for Membership Secretary and Vice-Chair. We plan to re-run elections in October 2023.
- We met with an ad hoc group of archaeologists specializing in Geophysics from CRM firms and the NPS and Lisa Fischer to discuss a partnership to connect with students and others interested in geophysics for archaeology. We will have a follow-up meeting October 20, 2022 to discuss next steps.
