Chapter Description

Brief Description of Your Chapter*:

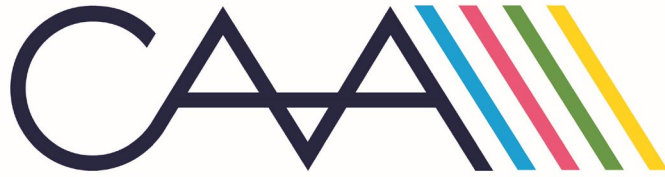

Please provide a few sentences or a paragraph describing your chapter, such as the kinds of activities you organise, when it was founded, who should join, etc. These descriptions should not include specific details about upcoming activities as they are meant to be “evergreen” and to drive traffic to your chapter’s website to learn more.

CAA-SE is the Swedish chapter of the international organisation CAA – Computer Applications and Quantitative Methods in Archaeology. As with CAA International, the aim of CAA-SE is to bring archaeologists, mathematicians and programmers together. The goal is to encourage interdisciplinary collaboration, highlight current work within the field, and foster discussion and continued development. Membership is open to all, free of charge.

Translated Description in Your Chapter’s Language(s)*:

If you would like to include the same description in your chapter’s language(s) as well, please provide the translation.

CAA-SE är den svenska avdelningen av den internationella organisationen CAA – Computer Applications and Quantitative Methods in Archaeology. Precis som det internationella CAA syftar CAA-SE till att sammanföra arkeologer, matematiker och datorvetare. Målet är att uppmuntra samarbete mellan dessa discipliner, uppmärksamma pågående arbete i detta fält och uppmuntra diskussion och fortsatt utveckling. Medlemskap är öppet för alla utan avgift.

Report for the CAA National Chapter of Sweden

Update on the National Chapter Activities:* *(Please insert additional pages, if needed)*

The chapter remains dormant, per previous years' reports. We hope to continue the fruitful collaboration we have enjoyed with CAA-Norway in past years. The intention is still to hold an AGM and elect a new steering committee, and interest has been expressed by some candidates; however nothing has been arranged at the time of writing.

Updates for CAA's ESC

Is there any information about your chapter or its activities that you would like to tell CAA's Executive Steering Committee? This information will only be shared with the CAA's officers and will not be made publicly available.

As above, the chapter has been more or less dormant during the entire mandate of the current steering committee. As chair I have unfortunately been unable to keep the chapter active and arrange events as we had intended. Other members of the committee, with occasional exceptions, have remained silent since being elected and do not typically respond to emails regarding the chapter. We have been helped greatly in recent years by CAA-Norway who have kindly held their last few online seminars as "joint" events with CAA-SE, despite in actuality doing everything themselves. There is a desire in the Swedish archaeological community to revitalize CAA-SE, but I regret that I am not the person to do it. I am in touch with a couple of driven individuals who may be open to standing as candidates for a new steering committee. Hopefully we can finally hold a new AGM and elect committee members who are able to discharge their duties better than I.
