

## **Annual report for CAA – Norway 2018**

CAA – Norway arranged its annual event at the 15. – 16. October 2017 in Oslo. CAA-N could also this year be arranged without costs. This was due to the generous support from the University of Oslo and the Hub-node structure HumGIS.

The first day started with a workshop in Python programming, and in all 15 papers were presented during the two days. 33 people had registered for the event..

The steering committee were up for election, and the AGM at the end of the day elected the following members:

Rebecca Cannell (chair)

Espen Uleberg

Steinar Kristensen

Evy Berg

Irmelin Axelsen
